## Our Approach to Teaching and Learning Is Child-centred;

Aiming to meet individual needs in a meaningful And Relevant Way.

We aim to foster a positive attitude towards life and learning which provides a solid foundation.

### IMPORTANT THEMES

- Independent thinking
- Creativity are valued
- Cultural awareness
- Global perspectives

Our greatest asset in Primary Years is the passion of our teaching staff combined with the energy of our amazing pupils. It never ceases to amaze us how much the children achieve as they move from Pre-kindergarten to Grade 5 – how much they grow, not just physically but emotionally as well.

## Every child is an artist - by Pablo Picasso Amazing Art

To discover the undiscovered talents and innovative students. Art exhibition and competitions are regularly organized. It is about

encouraging, nurturing and showcasing every child's natural creative flair. Through these contests students learn to explore the extent of their imagination and express themselves without any fear.

Some of young artist's of our school, who are too young to even understand the meaning of life, have achieved the greatest levels of creativity and refinement.

## Kids Corner

## HAND WRITING STYLE

depicts our personality traits

Gokilambal Schools organized a Handwriting competition for the students of classes I to VIII. Near about 550 students participated

in this competition. It was a proud moment that 150 students got first, second and third position respectively. They were awarded with certificate and memento. The children showed an excellent creativity through their writing skills.

## Aasanas with great enthusiasm

Students demonstrated various asanas followed by Our staff. Warm up exercises were taken and all the students performed sitting and standing asanas. Regular practice of yoga will surely help our

students achieve a better life, physically, mentally and spiritually as well.

## An Active ROUTINE OF ATHLETICS

Our Kindergarteners studying in Nursery engaged in an active routine of Athletics this Morning, Our young students are encouraged to remain Physically

active at School, this is more likely to keep the kindergarteners motivated, focused, and successful in school.

## ROBOTICS Class

We offer courses aimed at nurturing passion for engineering through a wide selection of programming & robotics courses for children age 6 and above.
